

FORMULA

Each 100 mL contains:

Myristyl amine oxide, 40% solution.....	2.5 g
Nonilfeniloxipolietoxietanol, 9-10 mole	5.0 g
Etilenodiaminotetraacetato tetrasódico 40% solution.....	3.0 g
Nonylphenoxypolyethoxy ethanol.....	2.0 g
Vehículo c.b.p.	100 mL

PRESENTATIONS

18.93 L (5 gallons)
3.785 L (1 gallon).

ACTION MODE

BioSentry® Universal Barn Cleaner detergent - cleaner to be used in poultry, swine facilities by pressure on surfaces and equipment for livestock use in general. Contains amphoteric detergents that quickly remove dirt, proteins and oily soils. It is used as high pressure foam or manual cleaning. It is compatible with other phenolic, quaternary, chlorinated disinfectants, and with peroxide or iodine. It rinses easily without leaving stain.

INDICATIONS

BioSentry® Universal Barn Cleaner biodegradable cleaning disinfectant is indicated for general use in poultry and pig facilities, as well as in livestock equipment in general.

APPLICATIONS

BioSentry® Universal Barn Cleaner as alkaline foam detergent-cleaner for general use on farms and lands.
